

NO-COST VACCINATIONS ARE COMING THIS SUMMER TO A SCHOOL NEAR YOU!

**Chicago Public Schools is partnering with
mobile health care providers
to bring vaccinations closer to home.
Some locations may also provide school physicals.
This service is available for families that have Medicaid or no insurance.**

**If your child needs back-to-school medical care,
please contact your child's healthcare provider to schedule an appointment.
To find a clinic or provider, go to
<https://findahealthcenter.hrsa.gov/>**

If you prefer, you can schedule with the mobile provider listed below.

There are many dates and school locations available.

**Ronald McDonald Care Mobile
Advocate Children's Hospital
ACH-CareMobile@advocatehealth.com
(847) 723-7358**

**What does my child need
<https://www.cps.edu/services-and-supports/health-and-wellness/health-resources-for-parents/>**

Dear Parent/Guardian -

CPS has partnered with pediatric mobile medical providers to bring NO COST, quality health care services to the children in our communities. Your consent for treatment will also allow the mobile provider assigned to your school/area to immunize the child for whom you signed consent. All providers use immunization guidelines from the Centers for Disease Control (CDC) and Illinois Department of Public Health (IDPH). **Your child will receive the vaccines that are due based on the childhood vaccine schedule and the vaccine records available for review.** If you have vaccine records, please send them with your child on the day of their visit.

You have the option to say that you do not want a specific vaccine (note on consent form), but please know many vaccines are required for your child to be in school https://www.cps.edu/OSHW/Documents/MinimumHealthRequirements_English.pdf. Mobile providers also give recommended vaccines (Hepatitis A, HPV, Men-B, flu, etc.) because they are important for keeping your child healthy. Records of the services received will be given to your child following their visit. Please share these records with your child's Primary Care Provider.

Visit this website to view Vaccine Information Sheets (VISs) for each vaccine: <https://www.cdc.gov/vaccines/hcp/vis/current-vis.html>. Information about vaccine preventable diseases and the childhood vaccine schedule can be found here: <https://www.cdc.gov/vaccines/schedules/parents-adults/resources-parents.html>

All mobile programs invite your questions. If you would like to speak with a provider prior to your child receiving vaccines, please contact them directly. Your school/site has contact information for the mobile provider assigned to your area. Mobile providers welcome parent/guardian participation in their child's visit. You may come with your child, but we know this is often not possible. Please provide a working phone number where they can reach you, if needed.

The Mobile Program Assigned to your school is:

Ronald McDonald Care Mobile
Advocate Children's Hospital

Please contact them to make an appointment at:
